

Year 3 & 4 Handball

Year 3 & 4 Handball Club will be a fun, competitive and engaging environment for years 3 and 4 to come and develop their skills in all areas of handball. The aim of every lesson is for all the children to go home feeling more confident and happier with all the new skills learnt and hopefully some new friends made along the way.

Year 1, 2 & 3 Gymnastics

Year 1, 2 & 3 Gymnastics Club will be a fun, competitive and engaging environment for years 1, 2 and 3 to come and develop their skills in all areas of Gymnastics. The aim of every lesson is for all the children to go home feeling more confident and happier with all the new skills learnt and hopefully some new friends made along the way.

Year 3 & 4 Netball

Netball club will be a fun, competitive and engaging environment for years 3 and 4 to come and develop their skills in all areas of netball. The aim of every lesson is for all the children to go home feeling more confident and happier with all the new skills learnt and hopefully some new friends made along the way.

Year 5 & 6 Netball

Year 5 & 6 Netball club will be a fun, competitive and engaging environment for years 5 and 6 to come and develop their skills in all areas of Netball. The aim of every lesson is for all the children to go home feeling more confident and happier with all the new skills learnt and hopefully some new friends made along the way.

Year 5 & 6 Basketball

Year 5 & 6 Basketball club will be a fun, competitive and engaging environment for years 5 and 6 to come and develop their skills in all areas of Basketball. The aim of every lesson is for all the children to go home feeling more confident and happier with all the new skills learnt and hopefully some new friends made along the way.

Spanish Language Nut Club

This is a chance to practise your Spanish skills using Language Nut. You will improve your reading, writing, listening and speaking skills in Spanish.

Story Club

Story Club is a chance for Year 1 and 2 children to come and listen to some exciting stories after school. We will read a range of stories together, discuss our favourites and have lots of fun!

Shakespeare Club

This year Shakespeare Club will be rehearsing to prepare for our performance of a well-loved Shakespeare play. We work together to build on our performing arts skills, building self-confidence and self-esteem, and a strong team spirit whilst having a great deal of fun along the way. All year 5 and 6 children are welcome.

Choir

A time to enjoy singing together as part of a large ensemble. We will be learning lots of new songs with the opportunity to perform Young Voices concert at the London O2 - please note, Term 3 Choir is for CURRENT MEMBERS ONLY.

Hockey

The club is open to girls and boys in Key Stage 2. In the club, the children will learn hockey technical skills and tactical elements which they will practise in controlled exercises and open gameplay scenarios.

Multiplication Mastery Club for Year 4

This club will help to strengthen multiplication skills ahead of the Year 4 Multiplication Check which all Year 4 children will take later in the academic year. We will learn and practise times tables through a mixture of direct teaching and games.

Year 3 Times Tables Club:

Are you keen to improve your times tables knowledge? If so, come along to Year 3 Times Tables Club! It will be a fun session where you will have the chance to improve your understanding of times tables.

Art Club

Art Club will provide opportunities to draw, create and make pictures and models using different tools and mediums. Children will be shown new skills and given opportunities to practise existing ones. The club will provide a mixture of teacher and child led activities so your child can choose what to draw and make.

Astronomy Club

In Astronomy Club, you will journey through space to discover fascinating facts about galaxies, planets, and constellations. From the glittering Milky Way to the famous Orion, you will embark on exciting adventures that will ignite your curiosity and wonder about the vast universe above.

Year 6 Pizza, Reasoning & Reading Club

Pizza and Reasoning? Pizza and Reading? All three together?? What a combination! A fun, engaging and creative take on maths reasoning and reading designed to help and support children to improve their thinking skills. Pizza Reasoning and Reading Club does what it says on the tin! 90 minutes of maths reasoning and reading with pizza in between! What more could you want from an afterschool club?

Origami Club

Origami is the Japanese art of paper folding! Each week we will be folding paper to create different animals and objects. Please note that origami is a precise and fiddly process which requires resilience and patience.

Board Games Club

Board games club is a fun chance for children to explore a range of board games to play with your friends. Challenge your friends to a game of Dobble, Uno or you may even find a new favourite game that you would like to tell your family about. Miss Dickson will have lots of games that you can play with your friends or on your own if you wish. There may even be some colouring if you would like some quiet time. Come and join me on a Wednesday in Kew class.
